Catarrh starts in the masal passages affecting eyes, ears and throat, and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing an excessive flow of mucous, and it the mucous discharge becomes inter-rupted the disagreeable results of catarrh will follow, such as bad breath severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these trou-bles. f25 3teod<w

SPECIAL AND IMPORTANT!

It has been our good fortune several times within a few years to bring out new and popular lines of goods and place them before the public at prices which The People's Dry Goods Store. insured a direct benefit to every purchaser.

Perhaps our ability to do this at a critical period has much to do with our steadily increasing business and enables us to surge ahead while so many are falling behind.

Perhaps, too, it has led you to expect more from C. E. Longley & Co. than you do from others, and in this you shall not be disappointed. The purpose of this advertisement is to call your attention to what is undoubtedly the greatest

bargain in a popular line of goods ever shown in this country. It is nothing less than the FARWELL 18-OUNCE, ALLWORSTED

Clay Diagonal Suits \$10.00!

The standard weight used by merchant tailors and the best clothing manufacturers for all-the-year-round-Clays is the 18-ounce.

Many light weight Clays, 10, 12 and 14 ounce goods, are put on the market because they can be sold cheap, but they are undesirable. Being sleazy they quickly lose their shape and beauty.

Many full weight 18-ounce Clays are made in this country that are all worsted on the face but backed up with cotton. When new they have the appearance of being all worsted, and only good judges can tell the difference, but with a few weeks' wear the worsted face disappears and the cotton stands out in bold relief. Such suits you can buy anywhere for \$10.00 and it is all they are worth.

The goods which we now offer were made by the Farwell Worsted Mills in Central Falls, R. I. They are the standard weight, 18 ounces to the yard. They are every thread and fibre worsted. We recently purchased about 10,000 vards of the goods at a great bargain. Now we propose to give our customers a benefit and incidentally boom our business through what are usually the dullest days in the whole year.

The coats are cut in four shapes, i. e. Single Breasted Sacks, Double Breasted BLACK DRESS GOODS Sacks, the popular Three-Button Cutaway and the long stylish Regent. They have deep facings, fine serge body linings, and are finished with the narrow, single stitched edges now so fashionable. The price is \$10.00 for either shape or any size from 34 to 48.

We could te you what they are worth---what the regular retail price is for such a suit--but you might think that we were exaggerating, so you shall estimate their real value. If you are not a good judge of worsted goods bring a friend who is and let him tell you. We solicit an examination and criticisms from the best judges that can be brought forward. Our price you will not soon forget.
